Access control

Aries
Libra
Stylos Line
F9000
Simply
Sirio

ISEO Zero1 is a wide range of electronic access control devices which meets every application and installation exigencies. You can choose different solutions according to door typology and security level you need:

- wired devices such as Stylos credential readers, control systems and smart solenoid locks;

- off-line battery operated devices which don't require any wiring, such as Aries electronic trim set and Libra electronic cylinder;

- mechatronic cylinders with power source on the key only, such as CSF F9000.

All the present devices, together with the ones which will be conceived in the future, can be combined to create integrated access control systems sharing identification systems (credential) and operating logic.

The Iseo Zero1 systems' functions change according to the different features and dimensions of the access control systems needed by the customers.

SIMPLY

Control system for small and medium installations with relative low variations. It is based on the use of precoded card and without any software on PC. It is the electronic version of the mechanical MK systems.

SIRIO

It is an advanced access control software allowing to manage both on-line and off-line accesses in an almost transparent way for the user. The web technology on which it is based, the various autonomous device levels and the modern functions make it one of the most advanced system available on the market, able to manage almost infinite users and gates. The system is totally scalable and can manage both small installations and installations with thousands of gates in different countries or continents. SIRIO's versatility and modularity allow to integrate not only access control systems, but also video surveillance, alarm, time attendance systems, etc.

THIS PRODUCT WAS NOMINATED FOR THE AWARD COMPASSO D'ORO ADI BY ADI DESIGN INDEX 2013

Simply

Control system for small and medium installations with relative low variations. It is based on the use of precoded card and without any software on PC. It is the electronic version of the mechanical MK systems.

Simply can be used with the following devices, which can be combined in a unique access control system:

- Electronic trim set ARIES;
- Electronic cylinder LIBRA;
- STYLOS range RFID readers.

Key points

Thanks to MASTER cards, the plant manager can easily and safely change the access rights for each gate by adding or deleting authorized users.

The two versions PAD and SEQUENCE allow to use both ISEO precoded cards, which guarantee maximum security and functionality, and already existing cards by third party, with utmost flexibility and integration.

Special cards allow to enable particular functions which usually are offered with more complex systems, such as:

- Office function (or permanent opening) which can be enabled for user/gate combination (TOGGLE card);
- VIP function allowing to temporarily enable or disable specific users classes (standard and VIP);
- Card confirmation PIN for keypad STYLOS reader;
- Information transmission among different gates (SERVICE card).

Main functions

- 3 levels MASTER cards set, keeping a safe system management even in case of lost MASTER cards (the following Master card automatically delete the previous one);
- ISEO or already existing third party User cards;
- Up to 150 users for each gate;
- Office function can be enabled for users and gates;
- User cards can be programmed as standard or VIP cards;
- Privacy management on electronic trim set ARIES through VIP cards;
- Door opening time programming (through SETUP card).

Package
Code

Card

MASTER CARD SET.
3 cards (#1, #2, #3).
ISO 14443/A chip.
Package: 3 cards, instructions.

Operating modes:

Simply Sequence (compatible also with third party existing User cards). 1 **5E402003.3**

Simply PAD (only ISEO User cards). 1 **5E402004.3**

USER CARDS
(Necessary for Simply PAD).
ISO 14443/A chip.
Package: 10 cards.

10 **5E402001.A**

SYSTEM SPECIAL CARDS.
ISO 14443/A chip.
Package: 1 card.

TOGGLE CARD
To load user cards with office function set.

1 **5E402005**

V.I.P. CARD
To load user cards with V.I.P. function (priority).

1 **5E402006**

SET UP CARD
To program the opening time.

1 **5E402008**

SERVICE CARD (Only for Simply PAD)
To load and delete user cards on LEDs devices.

1 **5E402007**

1 - Field of application

These general terms of sale are intended to regulate the present and future sale contracts between the parties with the exception of any different conditions agreed in writing. Any general term established by the Buyer shall not be applied to the parties' future relationships unless agreed in writing. The Buyer's acceptance of FIAM's offer or order confirmation, however made, shall imply the application of these general terms of sale to the sale contract.

2 - Information data

The product features, prices and other data shown in FIAM's catalogues, price lists or any other documents as well as the features of samples and prototypes sent to the Buyer shall not be binding unless expressly mentioned in FIAM's offer or order confirmation.

FIAM reserves the right to make any necessary changes to their products in any moment. Any technical drawing or document given to the Buyer, which allows the manufacturing or assembly of the products or their parts, is property of FIAM. It cannot be used, copied, transmitted or communicated by the Buyer to a third party unless previously agreed with FIAM.

3 - Orders

Only written orders shall be accepted through an order confirmation.

Any offer made by FIAM's agents or representatives shall not be binding for FIAM until written confirmation of the latter.

For single orders with an amount lower than:

Italy	550,00 euro
EU	1.550,00 euro
Non-EU countries	3.000,00 euro

the following fixed operating expenses shall be invoiced:

Italy	25,00 euro
EU	78,00 euro

4 - Delivery

The delivery terms are:

Italy	Carriage Paid
EU countries	Carriage Paid
Non-EU countries	F.O.B. (Incoterms 2000)

The delivery terms are approximate in favour of FIAM with a fair tolerance margin. FIAM shall not be liable for any damage deriving from an anticipated, delayed or missing delivery, either full or partial. The risks connected to the supply shall pass on to the Buyer at the latest when the products leave FIAM's factory, unless the sale term or the applicable regulations provide for an earlier time.

5 - Prices – Payments

Prices, which include costs for packaging (packaging units are to be respected), shall be those in force at receipt of purchase order.

Payments, as well as any other amount payable to FIAM, shall be net at their premises. The Buyer shall not be entitled to suspend payments, even in case of disputes arising from supplied products.

Any payment dispute will entitle FIAM to suspend the manufacturing of the orders under execution and to ask the Buyer for suitable guarantees of payment and therefore to change the payment terms in force for future orders. No compensation with any credits towards FIAM shall be accepted.

For each invoice which will not have been paid by the due date, we will calculate accrued interest on arrears, by applying the official interest rate in force, according to D.LGS N. 192/2012 - implementation of Directives 2000/35/CE and 2011/7/UE. The supplied products shall remain FIAM's property until the full payment. To this end the Buyer shall undertake to do everything possible to grant in the Country where products are stocked a valid reservation of proprietary rights, or to put into force a warranty in favour of FIAM.

6 - Warranty

No returned product shall be accepted unless previously agreed with FIAM by filling in the return authorization request form. FIAM guarantees the conformity of the products with the legislation and technical standards in force in Italy.

Therefore, the buyer shall take the risk of eventual differences between Italian standards and the standards of the Country of destination of the products. FIAM guarantees the performance of their products only in relation to their stated use and application.

Any other use is considered as improper.

Should the Buyer resell these products, he shall be fully responsible to give his customers, at his own expenses, all the relevant information. The warranty is not valid in the following cases: products installation and/or use and/or maintenance not complying with FIAM instructions, modifications and/or repair without written authorization by FIAM, normal wear and tear.

FIAM's mechanical products are guaranteed for **10 years** against any engineering, material or manufacturing failures attributable to FIAM, provided they are properly used and installed. The electronic products and door closers are guaranteed for **3 years** from the date on the product label. In the absence of the label, the warranty declines unconditionally. Any replacement of components do not give rise to an extension of the warranty period for the whole product.

Claims shall be made in writing, on pain of forfeiture, within 8 days from the receipt of the goods for failures relating to quantity or for failures which could be

detected by the Buyer when receiving the goods; within 8 days from the discovery of hidden failures or non-conformities. Failures shall be exclusively assessed by FIAM's experts.

No claim against FIAM shall be accepted after the expiry of the warranty period. The Buyer shall lose the warranty right if payments are not regular. This warranty is limited to the replacement of the faulty part EXW FIAM.

No other reimbursement shall be made such as disassembly and assembly charges.

This warranty includes and replaces any other legal warranty for failures and conformity and excludes any other liability of FIAM connected to the supplied goods. Unless in case of fraud or gross negligence grave offence on the part of FIAM, the latter shall not be liable for direct, indirect or consequential damages to the buyer of the supplied products. In particular, the Buyer shall not be entitled to claim a damage refund, a price reduction or contract termination.

7 - User Licence agreement

Important

Please read carefully this end user License agreement. The installation or use of any software shown in this catalogue means that you accept the terms and conditions of the following agreement.

Ownership

ISEO SERRATURE S.P.A. (hereinafter ISEO), headquartered in Pisogne (BS), Via San Girolamo 13, and the productive or distribution companies of ISEO Group (hereinafter ISEO), as the only and exclusive owners, bestow the non-exclusive user license of any software contained in ISEO Zero1 product range, under the conditions described in the following paragraphs. The license is not a sale of the software and no expression contained in the license shall be construed to transfer any right or ownership.

License concession

ISEO grants the right to use one copy of the software on the type of computer and operating system for which the software was designed to work. ISEO recognizes the rights to make backup copies only for security and archiving.

Limitations on the right of use

The licensee is not authorized to rent, lease, share or to lend the software. The licensee is also not authorized to examine, modify, incorporate into another program, convert back to the original source code, decompile, disassemble or reverse engineer of the software.

The licensee is not authorized to remove, change or obscure the brand Iseo or indications relating to the entitlement. ISEO shall be informed and agree on any variation of the above mentioned limitations.

Warranty

ISEO does not warrant that the operation of the software will be free from failures or that defects in the software will be corrected. ISEO ensures that the software is compliant with the technical and functional characteristics described in the supporting documentation. ISEO will use reasonable efforts to intervene in case of any malfunction up to 12 months after the invoice.

Confidentiality

With the acceptance of this license, the licensee agrees to use the software only within his organization and not to assign or otherwise make the software, the technical knowledge of the program and supporting documentation available to third parties. The use of the software is closely related and limited Iseo in projects and products or correlated projects if previously agreed and authorized in writing by ISEO.

Copyright

The software is the exclusive property of ISEO and is protected by Italian law on copyright, by the rules contained in international treaties and by the laws in force in the country in which it is used. Third party's software, software tools, compilers, assemblers, debuggers, operating systems and any other software are included or used in conjunction with ISEO software. Copyright and any correlated licenses are indicated in technical manuals.

Limitation of liability and exclusion of damages

In no event will ISEO be responsible for any consequence, indirect, incidental or of any kind, including lost profits, business interruption, lost information, or other losses, arising out of the use or inability to use the software, even if ISEO has been advised on the eventuality of such damages.

Iseo responsibility for any direct damages to you or any third party will be in any event limited to gross negligence or willful misconduct.

8 - Competent Court – Applicable law

Any dispute arising from or connected with the contracts to which these general terms apply will be exclusively dealt with by the Court of Como; FIAM shall however be entitled to take legal action also before the Buyer's Court.

These general terms of sale are regulated by the Italian Law.
